Prepared 27 October 2026 for motion design and video production. All businesses and people are made up, and every price and count is an illustrative example, not a customer result.

OVERVIEW

Choosing a storyline

All five sell the same product and end on the same card. They differ in the problem they lead with. Pick one for the main launch film; the others work as cut-downs or follow-up ads.

#	STORYLINE	LEADS WITH	BEST FOR	PRODUCTION
1	**The 9 p.m. message** Maison Skin Clinic, East Legon (made-up)	Speed of reply, after hours	Instagram and Facebook ads to clinics, spas and studios; WhatsApp Status	Medium: one treatment-room plate (photo or footage) plus UI animation
2	**Three inboxes, one diary** Serenity Day Spa, East Legon (made-up)	Every channel, one diary, no double bookings	Businesses that sell on Instagram as much as WhatsApp; YouTube pre-roll; the landing-page hero video	Low–medium: mostly motion graphics plus one overhead desk set-up (or illustrated)
3	**The empty set** Lumen Studio, Osu (made-up)	No-shows cost money; deposits and reminders fix it	Owners with high-value bookings: studios, clinics, private chefs. Facebook and LinkedIn as well as Instagram.	Medium: studio plate (photo or footage), one talent walk-in, UI animation
4	**Hands full** Adom Atelier, bespoke tailoring, Airport Residential (made-up)	You keep working; Bookly keeps answering; you can take over any time	Owner-operators who worry about losing the personal touch; Instagram Reels; WhatsApp Status	Medium: one tailoring shoot (hands, mannequin) plus UI animation
5	**By tonight** Chef Esi's Table, private dining, Cantonments (made-up)	Speed of setup, no technical work	Sign-up campaigns, the pricing page, launch posts; people who think setup is hard	Low: almost all motion graphics; optional food plate in scene 4 (images/marketing/private-chef)

MASTER SPEC

Duration	30.0 s · 1800 frames · 60 fps
Frame size	1920 × 1080, square pixels
Master	ProRes 422 HQ (H.264 at 30–40 Mbps for review)
Colour	Rec.709 / sRGB; brand hex values exact
Audio	Stereo 48 kHz; -14 LUFS integrated for social, true peak -1 dBTP
Captions	Burned in for every VO line, plus an .srt file

SAFE AREAS AND CUT-DOWNS

Title safe	1728 × 972 (90%), centred
Action safe	1786 × 1004 (93%), centred
9:16	For Status and Reels: keep key text and the phone inside the centre 1080 × 1080 so a vertical reframe works
4:5	Same rule; re-lay the end card rather than cropping it
15 s cut	Scenes 1, 3 (shortened) and 5
6 s bumper	Scene 3's booked card → end card

BEFORE PRODUCTION STARTS

- **Domain:** the CTA uses booklygh.com. Make sure it opens on HTTPS before the film is published.
- **Logo:** logo work is on hold. End cards use the plain "Bookly" wordmark in Clash Display: no monogram and no logo-reveal animation.
- **UI:** capture real Bookly screens from the live app at 2×, or use the design source: the hero chat mock, Inbox, Home, booked card and onboarding. The frames in this document are layout guides, not final art.
- **Channel skins:** use the WhatsApp, Instagram and Messenger colours as the website does, with no real app sounds and no app logos bigger than chip size. Show Mobile Money as a generic sheet with no network logos.
- **Honesty:** names and businesses are made up and labelled "Example". Numbers are illustrative. No customer counts or testimonials.
- **Photos:** the treatment room, studio, atelier and kitchen stills in images/marketing are generated images; use them as plates or replace them with footage.

Border #E7E1D6
Card outlines, dividers

Coral / red
Problem accents: coral #E8735F on dark, red #C0392B on light

TYPE (SIZES AT 1080P)

Clash Display 600	Headlines 72–150 px, wordmark 230 px, tracking -2%. Headlines and the wordmark only.
Bricolage Grotesque	UI, captions and CTA in 400 / 500 / 600 / 700. Captions 40–50 px; UI inside phones 22–30 px.
Minimum	Nothing that must be read below 22 px; captions never below 40 px.
Reading time	Hold text at least 0.3 s per word after it has fully appeared.

MOTION TOKENS (FRAMES AT 60 FPS)

Enter	12–18 f, ease-out cubic-bezier(0.22, 1, 0.36, 1), rise 8–16 px
Exit	10–12 f, ease-in cubic-bezier(0.55, 0, 1, 0.45)
Big moves	Up to 30 f (500 ms)
List stagger	4–5 f (60–80 ms) per item
Kinetic type	6 f per word; 2 characters per frame when typed
Press	Scale 97% for 6 f, back in 6 f
Tick pop	Stroke draws in 18 f, then 100% → 115% → 100% spring in 12 f
Typing dots	3 dots, 3 f apart, 1 s loop
Camera	Ease in-out sine; push-ins 4–10%, product zooms up to 130%

SIGNATURE ELEMENTS

- **Awning stripe**: a gold band with alternating gold and light-gold scallops; it opens the end card.
- **Booked card**: a soft green card with a round green tick, "Booked by Bookly", then time, service and deposit.
- **Chat mock**: the phone from the booklygh.com hero, in each app's own colours.
- **Nothing waits invisible**: entrances start from 15–40% opacity, never from a blank frame held for long.

SOUND AND ACCESSIBILITY

- **Music**: warm Afro-house or amapiano-leaning, 116–120 BPM (one beat is about 31 f). Cut on beats where possible.
- **SFX**: custom soft pops, typing clicks, a two-note payment chime, a bright tick, a shop-bell ding. Never real WhatsApp, Instagram or Messenger sounds.
- **VO**: optional, warm Ghanaian English. The film must work muted, so every key line is also on screen.
- **Flashes**: never more than one in any second; no red full-frame flashing.
- **Contrast**: text at least 4.5:1, large headlines at least 3:1. Gold text only at 92 px and above, and never on cream.

STORYBOARD 1 OF 5

The 9 p.m. message

A skin clinic's clients message late at night. Without Bookly the owner answers the next morning and loses the booking. With Bookly the same chat is answered in seconds, the deposit is paid by Mobile Money, and the owner wakes up to a full diary.

ASSETS TO PREPARE

- Phone lock screen (dark) with 3 generic notifications in channel colours
- Treatment-room plate: the aesthetics photo (images/marketing/aesthetics) or a 6 s live shot
- Bookly chat mock in WhatsApp, Instagram and Messenger skins (from the booklygh.com hero)
- Generic Mobile Money approval sheet (no network logos)
- Bookly Home screen ("Good morning, Ama") with 3 Coming-up rows
- Owner with coffee at sunrise (photo or footage)
- End card: awning stripe, Bookly wordmark, tagline, CTA
- SFX: phone buzz ×3, split-flap ticks, soft pops, typing clicks, payment chime, tick, morning ambience

STORYBOARD 1 · THE 9 P.M. MESSAGE

Scene 1 · Lit-up phone (hook)

0:00–0:04 · frames 0–240 · 4.0 s

Hero frame at f 150 (0:02.50). Layout guide, not final art. Dashed gold box: the camera's tightest framing.

CAMERA

Slow push-in 100% → 108% across the whole scene, centred on the phone (x 1210, y 550). Ease in-out sine, no rotation.

TRANSITION OUT

Hard cut on the beat at f240 into bright morning. The brightness jump is the transition.

ON SCREEN

Dark charcoal room (#1F2328). A phone lies face-up on a pale counter in the lower half of frame, screen dark. It wakes to the lock screen: "21:47", "Monday 26 October". Three notifications stack under the time, each with a channel-colour icon: WhatsApp · Efua A. "Hi, can I get a HydraFacial this week?"; Instagram · @ama.glows "how much is the glow peel? 😍"; Messenger · Kofi Mensah "Are you open Saturday?". A warm glow spills from the screen onto the counter. The headline sits in the left third.

SOUND

Room tone; three phone buzzes synced to the notifications. Music enters filtered (low-pass about 800 Hz), no kick yet.

VO

"They message at nine at night."

MOTION BEATS

FRAMES	TIME	WHAT HAPPENS
0–20	0:00.00–0:00.33	Fade up from black (ease-out). Room tone only.
20–32	0:00.33–0:00.53	Screen wakes: brightness 0 → 100%; "21:47" scales 96% → 100%.
36–54	0:00.60–0:00.90	Notification 1 (WhatsApp) slides down 40 px with 104% overshoot and settles. Buzz on f36.
48–66	0:00.80–0:01.10	Notification 2 (Instagram), 12-frame stagger. Buzz.
60–78	0:01.00–0:01.30	Notification 3 (Messenger). Buzz. The counter glow pulses with each buzz (40 → 70 → 40%).
96–150	0:01.60–0:02.50	Headline word by word, 6-frame stagger; each word rises 8 px from 40% opacity (ease-out 14 f).
150–240	0:02.50–0:04.00	Hold. The screen glow breathes once on the downbeat at f186.

Scene 2 · Missed (problem)

0:04–0:10 · frames 240–600 · 6.0 s

Hero frame at f 540 (0:09.00). Layout guide, not final art. Dashed gold box: the camera's tightest framing.

CAMERA

Rack focus: f0–60 the owner's hands are sharp; f60–120 focus pulls to the phone (layered blur 0 ↔ 12 px). Then a slow drift right of 2% of frame width to the end.

TRANSITION OUT

"Rewind": a 12-frame whip blur while the clock spins back to 21:47, landing on scene 3.

ON SCREEN

Next morning in the treatment room: cream walls, deep green cabinetry, gold fixtures. The owner, in gloves, is mid-facial with a client (photo plate with parallax, or footage). Her phone on the side table buzzes and is ignored. A chat card slides in on the right: her late reply "So sorry, just seeing this!" stamped 9:12 a.m., then the client's answer "No worries, I booked somewhere else." The card greys out. A dark scrim on the left carries the headline.

SOUND

Two buzzes, split-flap ticks, a thud on the client's reply. Music stays filtered and drops to bass only from f450.

VO

"By the time you reply, they've booked somewhere else."

TRANSITION OUT

Cream light wipe from the right (12 f) into the warm morning of scene 4.

ON SCREEN

Back to 21:47, now with Bookly. Charcoal background with a soft green glow. The Bookly phone mock (as on the booklygh.com hero) sits centre-right in the WhatsApp skin: green header "Maison Skin Clinic · Business account". The chat plays: customer "Hi, can I get a HydraFacial this week?"; Bookly "Hi Efua! A HydraFacial is GH₵ 850 and takes an hour. Thursday has 11:00 am and 4:30 pm free."; customer "4:30 please"; Bookly "Lovely. A GH₵ 200 deposit holds it. I've sent the Mobile Money prompt." A generic Mobile Money sheet slides up: "Approve GH₵ 200 to Maison Skin Clinic". Then the green card "Booked by Bookly · Thu 4:30 pm · HydraFacial · GH₵ 200 deposit paid". The channel chips on the left switch to Instagram and Messenger, each replaying a short version that ends with its own booked card. Small caption: "Example conversation".

SOUND

Kick and full beat land on f600 (scene start). Soft custom pops per bubble (not real app sounds), typing clicks under the dots, a two-note chime on Approve, a bright tick on the booked card.

VO

CAMERA

Starts tight on the phone at 130% and pulls back to 100% between f0 and f120 (ease-out cubic) to reveal the owner and the coffee. Static after that.

TRANSITION OUT

Last 18 f: the whole frame scales to 92% and dissolves to flat cream, ready for the end card.

ON SCREEN

Sunrise light (warm cream to pale gold). The owner, Ama, holds a coffee and her phone. On screen is Bookly Home: "Good morning, Ama", stat cards "Today 3" and "Open chats 0", and the "Coming up" card with last night's three bookings, each with a green "Deposit paid" pill: Efua A. · HydraFacial · Thu 4:30 pm; Adwoa B. · Glow peel · Sat 9:30 am; Kofi M. · Laser consultation · Tue 10:00 am. The headline is on the left.

SOUND

Light morning ambience (birds, distant traffic), a cup clink at f1160, three soft ticks with the pills. Music adds its top line.

VO

"You wake up to bookings. Already paid."

CAMERA

Gentle push-in 100% → 104% from f0 to f288 (ease-out), locked for the last 12 frames.

TRANSITION OUT

End of film at f1800. For a loop, cut from the cream card straight back to frame 0.

ON SCREEN

The morning frame has dissolved to cream. Flat cream (#FAF6EE) end card: the gold awning stripe across the top edge, the "Bookly" wordmark centred in green, the tagline "Your shop, always open." and the CTA row: a green "Start free" button shape and "booklygh.com". Logo work is on hold, so this is the plain text wordmark: no monogram and no logo-reveal animation.

SOUND

Music resolves on the downbeat near f1560. A soft "shop bell" ding as the wordmark lands. VO tag ends by f1770; 0.5 s music tail.

VO

0:00–0:03 · frames 0–180 · 3.0 s

Hero frame at f 125 (0:02.08). Layout guide, not final art. Dashed gold box: the camera's tightest framing.

CAMERA

Static wide to f150, then a quick punch-in 100% → 105% (ease-out 12 f) on the headline, and hold.

TRANSITION OUT

f168–180: the phones drop out of frame (ease-in) and the camera tilts down onto the desk.

ON SCREEN

Cream background. Three phones in a row, each in its own app skin: WhatsApp (green header), Instagram (white with a gradient avatar ring), Messenger (white, blue bubbles). All three receive the same incoming message, "Any time Saturday?". Under them a kinetic headline whose last word rotates through the channel names, each in its channel colour.

SOUND

Three pings, a snap on each word roll; the music starts with a snare pickup.

VO

"Your clients are on WhatsApp. Instagram. Messenger."

Scene 2 · Double-booked (problem)

Three apps. One pen. One clash.

Hero frame at f 460 (0:07.67). Layout guide, not final art. Dashed gold box: the camera's tightest framing.

CAMERA

Locked overhead. Pan left → right from the phones to the diary between f0 and f250 (ease in-out), a small shake at the collision, static after.

TRANSITION OUT

The diary page flips (12 f) and turns into the clean white Bookly card of scene 3.

ON SCREEN

Overhead, top-down: a light oak spa reception desk with a paper diary open on "Saturday" and a pen. Two phones lie on the left: WhatsApp and Instagram. The owner replies "11?" to Adjoa on WhatsApp and writes "11:00 — Adjoa (WhatsApp)". On Instagram she tells Kwesi "11 works!" and writes "11:00 — Kwesi (IG)" on the same line. The entries collide, a single red flash marks the clash, and a "DOUBLE-BOOKED" stamp lands on the diary.

SOUND

Pen scratch, keyboard taps, a hollow "clack" on the collision, a stamp thud. Music drops to bass and claps under the clash.

VO

"Three apps, one paper diary, and one day two people get the same eleven o'clock."

CAMERA

Dolly along the streams: starts at 115% on the left icons, travels right and settles centred on the card at 110% by f300, then eases to 100% (f380–440) for the headline.

TRANSITION OUT

Continuous pull back straight into scene 4 (no cut).

ON SCREEN

Cream background. Three channel icons are stacked on the left. A coloured stream draws from each (WhatsApp green, Instagram purple, Messenger blue) into the Bookly card "Serenity Day Spa · Saturday · Free times". Adjoa's WhatsApp request fills 11:00. When Kwesi asks on Instagram, a callout shows Bookly's reply, "11:00 is taken. I have 9:30 or 12:30.", and he picks 12:30, which fills. Messenger books "Couples package · 2:30 pm". A few more slots fill quickly. Taken times are never offered twice. Caption: "Example business".

SOUND

A whoosh per stream, a soft snap per slot, typing ticks under the callout. Full beat.

ASSETS TO PREPARE

- Studio plate: paper backdrop, two softboxes, empty stool, wall clock (images/marketing/photography or footage)
- The same studio lit, with the client arriving and sitting
- Kinetic maths: "3 no-shows a week × GH₵ 800 a shoot = GH₵ 10,320 a month"
- Bookly chat in the Instagram skin for "Lumen Studio"
- Mobile Money sheet, "Deposit paid" pill, reminder bubble, calendar chip
- Booking row overlay ("Confirmed") and the "GH₵ 0 lost" counter card
- SFX: softbox hum, clock tick, low hits, counter ticks, shutter, door

ASSETS TO PREPARE

- Tailoring footage or photo: hands pinning a dark-green suit; the finished suit on a mannequin at evening (images/marketing/tailoring)
- Phone chat list with an unread badge counting up to 27
- Bookly Inbox thread: "Assistant replying" banner, "Take over", "Hand back to assistant"
- Bookly Home ("Good evening, Kwame") with stat cards
- Gold split-screen divider (becomes the awning in the end card)
- SFX: fabric rustle, pins, layered buzzes, typing, rising ticks, shop bell

STORYBOARD 4 · HANDS FULL

Scene 1 · Hands full (hook)

0:00–0:03 · frames 0–180 · 3.0 s

CAMERA

Locked off. The only movement is in the hands footage.

TRANSITION OUT

The divider slides left; scene 2 opens on that move, with no cut.

ON SCREEN

Split screen 50/50 with a 6 px gold divider. Left: close-up of a tailor's hands pinning the lapel of a dark-green suit. Right: cream, with his phone showing the WhatsApp chat list and a red unread badge climbing. Headline across the bottom of the left half: "Your hands are full."

SOUND

Fabric rustle, pin clicks, buzzes; the music kicks in at f0.

CAMERA

The divider move is the camera move, plus a slight push 100% → 103% on the phone side.

TRANSITION OUT

Whip pan right into the phone (12 f motion blur), landing in scene 3.

ON SCREEN

The divider moves left so the phone side takes 70% of the frame. The chat list keeps filling: "Ama O. · Fitting this week?", "Yaw · Price for a three-piece?", "Esi · Can I come Saturday?", "Kofi · Hello??", "Nana K. · Do you do alterations?". The badge climbs to 27. Kofi's chat gets a red tag, "Seen 3h ago". The headline: "Every unanswered chat is a client walking."

SOUND

STORYBOARD 5 · BY TONIGHT

Scene 5 · Logo + CTA (logo + CTA)

0:25–0:30 · frames 1500–1800 · 5.0 s

Hero frame at f 1700 (0:28.33). Layout guide, not final art. Dashed gold box: the camera's tightest framing.

CAMERA

Gentle push-in 100% → 104% from f0 to f288 (ease-out), locked for the last 12 frames.

TRANSITION OUT

End of film at f1800. For a loop, cut from the cream card straight back to frame 0.

ON SCREEN

The first-booking card scales away into cream. Flat cream (#FAF6EE) end card: the gold awning stripe across the top edge, the "Bookly" wordmark centred in green, the tagline "Your shop, always open." and the CTA row: a green "Start free" button shape and "booklygh.com". Logo work is on hold, so this is the plain text wordmark: no monogram and no logo-reveal animation.

SOUND

Music button on the downbeat; a ding; VO "Start free at booklygh dot com."

VO

"Bookly. Start free at booklygh dot com."
